Mugen Bound Calculator by Kain the supreme X

Make a New Bound [Http://www.kaints.com/](http://www.kaints.com/)

1 Width:
Height:

Do You want the code for Your Stage?

YES NO

KTS NOTE STIX ver 1.0 Change the language

Let's Go

Fill the basic information:
Width
Height

Of your stage... so the
program will made all the
math operations for You.

Mugen Bound Calculator by Kain the supreme X

Make a New Bound [Http://www.kaints.com/](http://www.kaints.com/)

1 Width:
Height:

Do You want the code for Your Stage?

YES NO **2**

Select the SFF File =>

Write here the stage name:

Write here the Author name:

Do it for Me

KTS NOTE STIX ver 1.0 Change the language

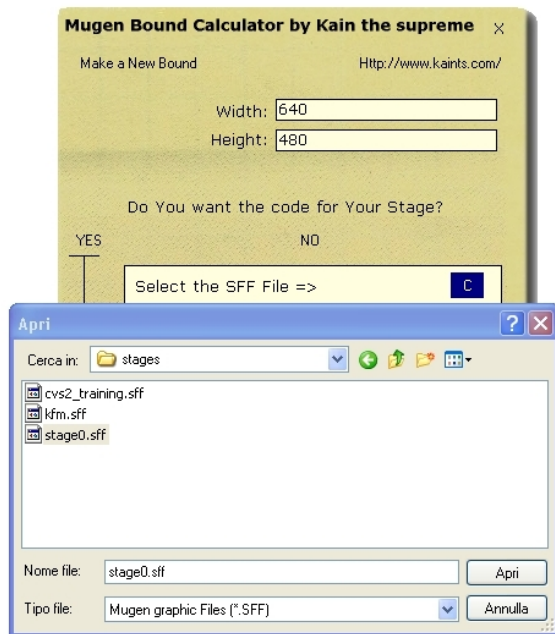

If You choose to get the
complete code You will be
able to see a new box to fill
with extra information like:

1. The Sff's file name
2. The Stage's Name
3. The Author's Name

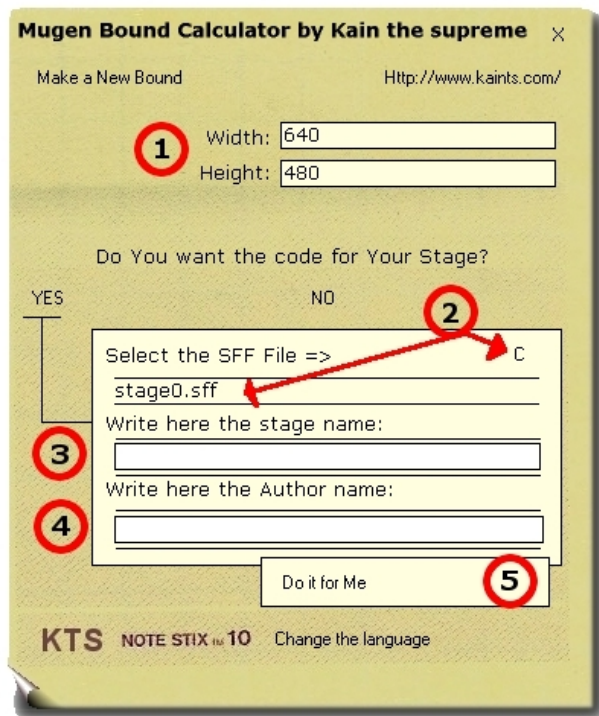

To select the SFF Click on
the little “C” in the upper
right corner of the box.

Created by Kain the supreme
<http://www.kaints.com/>

After Clicking in to the “C” Button You will see a new Window to select your SFF File Like in this image (on your left).

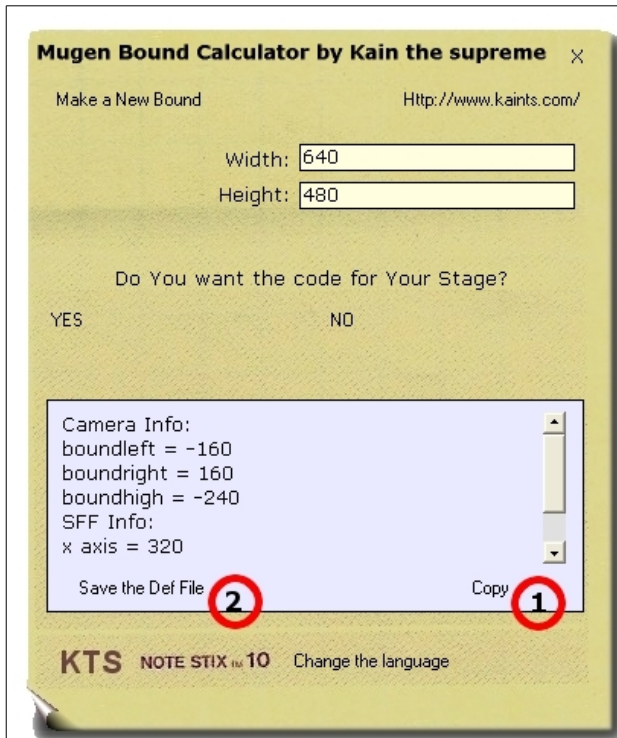

As You can see now is visible the name of your SFF File.

To complete this step fill the box number 3 and 4 with:
Number3: Stage Name
Number4: Author Name (or Your Nickname).

And Finally click on “Do it For me” To get your data.

Created by Kain the supreme
<http://www.kaints.com/>

Now that You have the math operations completed You can choose to get the Camera Infos in to the Window's clipboard by clicking on “Copy” (Number1).

But if You wan the complete “DEF file” filled with all the basic information click on “Save the Def File”

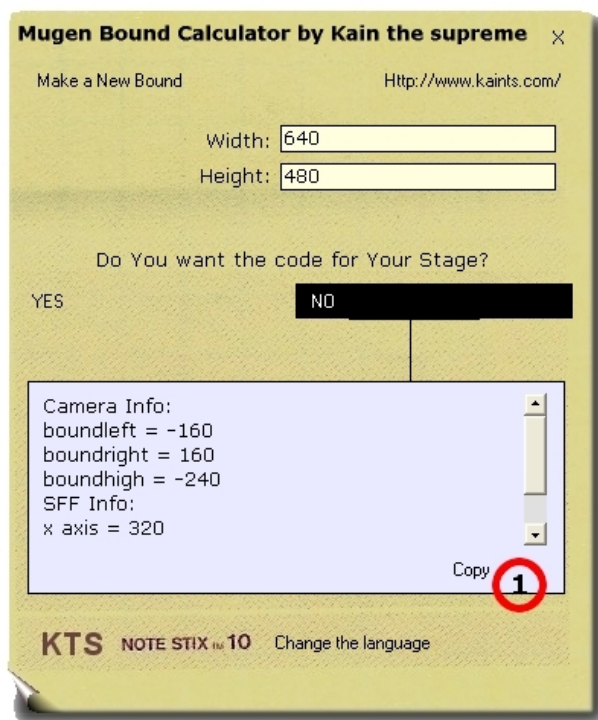

After clicking on the “Save the Def File” button a Pop-up window like this will be visible....

Choose the Def file name and click on save (in this image “salva”)

A Big Thanks goes to all of You by downlaoding my mugen's creations and this tool (ok.. and Thanks for reading this tutorial... writen in my horror-English hihhi).

Thanks to Calamix for the Castillian translation for the Mugen Bound Calculator online and offline (I have used his already translation for the offline version).

Thanks to Jezekiel for the French translation for the Mugen Bound Calculator online and offline (I have used his already translation for the offline version).

See You for my next creation ;)
